To Members and other Subscribers:

A Satisfactory Binder for The Journal

The Journal has received many requests for binders but we have heretofore not been able to find one which we regarded as satisfactory and cared to recommend.

However, we are glad to say that we are able to offer to members and subscribers a binder which answers all reasonable demands.

It is made to contain twelve numbers of the Journal. The separate issues can be inserted or detached with ease, by means of a special device. There is no need to punch holes in the side of the issue, thus mutilating the magazine. Above all, the binder and magazines *open flat*, without that tightness of the inside margin which is so irritating and inconvenient.

The Binder has backs of art buckram, with the name AMERICAN BAR ASSOCIATION JOURNAL stamped in gilt letters, and presents a rather handsome appearance. It can of course be used merely for current numbers or as a permanent binding for the volume and placed on the shelf with other books.

We are prepared to furnish this to our members at \$1.50, which is merely *manufacturer's cost* plus mailing charge. We suggest that those who wish the binder mail their checks promptly for this amount as we wish to know how large an order to place. There will be an interval of about four weeks from receipt of order to delivery. Address:
